MEMBERSHIP CAMPAIGN

Go For the Red is an FCCLA membership campaign that provides incentives for members and chapters working to increase membership. Go For the Red empowers students to recruit, retain, and recognize members. Individual and chapter prizes are available.
Our goals for this year’s membership drive are:
(e.g., 90% retention rate, X number of new members, % rate of new members, etc.)

Target groups we will recruit:
(e.g., former members, students in FCS classes, students who have taken FCS classes but aren’t members, etc.)

Five key messages we want potential members to know about our chapter?
1. 
2. 
3. 
4. 
5.

**2019-2020 STATE OUTREACH PROJECT**

**Resilient You: Positively Impacting Wellbeing**

In 2019, Montana FCCLA adopted the Resilient You: Positively Impacting Wellbeing as its State Outreach Project. Through educational programming and service learning, we believe our chapters can make an impact within their local school districts and/or communities. Each chapter is encouraged to develop a project that is meaningful and impactful to their specific region in Montana.
STATE OUTREACH PROJECT DESCRIPTION

RESILIENCE, N.
re·sil·i·ence | ri-zil-yaN(t)s
1. an ability to recover from or adjust to difficulties or change; toughness, grit.
2. the capability of a substance or object to spring back into shape; elasticity.
3. the choice to respond and live in ways that support positive wellbeing.
Resilient 4You

At Montana State University (MSU), the Health and Human Development Department has created a wellbeing model, shown here. This graphic illustrates five domains of wellbeing. These domains are interconnected, yet distinctly different. During the lifespan, resiliency can be developed throughout any of these domains.

Wellbeing can be influenced among the individual, families, and community. We challenge chapters to consider promoting and impacting wellbeing.

GETTING STARTED

Mapping the Community:
It may be helpful to begin brainstorming by surveying the community for other groups or organizations that are working to impact emotional wellness. This can be a formal survey, or just a brainstorming session with chapter members. What is happening in your school? Are other organizations doing something to positively impact emotional wellness?

Looking for Missing Pieces
After gaining a better understanding of what awesome things are happening in your school and community, now it’s time to consider what is missing. This is the opportunity for your chapter to make an impact! Are there people in your community that need supplies, or encouragement? Make a list of topic/project ideas.

Action Planning
Now it’s time to put the FCCLA Planning Process into use. Use the following sheet to continue to identify a concern, set a specific goal, and form a plan. When your chapter is working on planning your State Outreach Project, be sure to look at the reporting elements. These elements should be evident throughout the project; it will make completing the report a breeze.

STATE OUTREACH PROJECT
National Program Curriculum

National FCCLA Programs can help with guiding the process of developing a topic or idea for each chapter’s State Outreach Project. Student Body, Unit 4: The Resilient You, has many lesson plans, activities, and service learning project ideas that can be used not only in FCCLA chapters, but in the FCS classroom as well. Community Service provides tools to help guide students to develop, plan, carry out, and evaluate service projects. Finally, modules within Career Connection remind students that not only is FCS a robust field, many skills learned while participating in service projects will prepare them for the workforce.

Related STAR Events

Many of the topic of the State Outreach Project could be used for a student(s) STAR Event. Below is a list of ideas, but is not representative of all the potential categories that could be explored.

Free online trainings from the Campaign for Tobacco-Free Kids, with support from the CVS Health Foundation, offer FCCLA members the tools and knowledge to #BeTheFirst tobacco-free generation. Chapter members build advocacy and public speaking skills by leading Taking Down Tobacco 101 trainings for their peers and community. During the fall contest period, the first 25 members, advisers, or chapters to lead a training and submit a report earn $100; chapters who train over 75 youth will be entered for one of three $1,000 prizes! The contest closes December 6, 2019. Learn more at: [http://fcclainc.org/programs/taking-down-tobacco.php](http://fcclainc.org/programs/taking-down-tobacco.php)

TRACKING SERVICE HOURS

Did you know that Montana FCCLA chapters conducted over 60,000 service hours in the last five years? Or, that several FCCLA members received college scholarships as a result of being able to report how much service they conducted?

Tracking service hours has numerous member and chapter benefits.
- Members have valuable data to include in scholarship and resume applications.
- Chapters have documented hours to use when promoting FCCLA in their local community
- Awards may be given to members based upon service and leadership
- Recognition individuals are eligible for Montana FCCLA awards

And, for Montana FCCLA, this data is an important component of our ability to sustain current funding and foster relationships with new partners.

TYPES OF ACTIVITIES
- Direct Service - activities that require you to have direct contact with people.
- Indirect Service - your work behind the scenes to channel resources to the project rather than working directly with an individual who may need the service.
- Advocacy - service experience that requires you to lend your voice and talents to the effort to address a problem.
- Leadership - roles you serve that supports FCCLA programming at local, district, state and national levels.
- Fundraising - fundraising that support FCCLA chapter activities.
- Work experience - work you do that builds your human capital and prepares you for a future career; this can be work for pay or unpaid and should be related to a FCS Career Pathway.

TRACKING & REPORTING IS EASY!

Have all affiliated members track their service hours using the templates provided by Montana FCCLA.
TIP: Document hours during chapter meetings.
TIP: Have a student officer responsible for tracking hours.

By the 5th of every month, total your chapter hours and report total chapter hours on the Montana FCCLA website.
Tip: If you miss a deadline, that’s okay. Hours can be entered at anytime.

The Planning Process is a decision-making tool that supports the organization’s overall philosophy about youth-centered leadership and personal growth. It can be used to determine group action in a chapter or class or to plan individual projects.

Go to http://fcclainc.org/programs/resources.php to download a blank FCCLA Planning Process template. This template may be modified, but all headings must be used, in the correct order. The FCCLA logo, STAR Events logo, and Planning Process graphics are encouraged but not required.
