FEATURED SPEAKERS

KEYNOTE: ELIMINATE CAREER FEAR THROUGH DESIGN THINKING

JORDAN H. DAVIS

One of the biggest stressors students face is the uncertainty around their future professional careers. JD introduces students to design thinking, a methodology that students can use to ease career-related stress and carve a career pathway that's conducive to personal and professional wellbeing. JD shares how he's used design thinking to reach his personal, academic and career goals, and how these lessons and practices can support students in overcoming imposter syndrome, maintaining work-life-school balance, and navigating personal relationships in pursuit of their ideal careers. Students come away thinking about the social challenges they want to solve, the skills they'll need to solve them, and fulfilling opportunities to put those skills to work.

LEADERSHIP SEMINAR

ELIMINATE CAREER FEAR: DESIGN YOUR
LIFE AFTER GRADUATION
FRIDAY, 9:30-11:30

***Pre-registration required.**

JORDAN H. DAVIS

Students turn into design thinkers and apply the principles of Jordan's signature keynote in a collaborative, hands-on workshop session.

They'll have a chance to reflect on their academic and professional journey, set career goals, and identify opportunities to prototype/"try out" their careers through high-impact practices, and develop strategies for applying leadership skills cultivated through FCCLA membership into workplace situations.

DARING DREAMER WORKSHOPS

***Open to anyone, but space is limited!**

FROZEN TO FEARLESS: STRATEGIES FOR MORE CONFIDENT & EFFECTIVE
PUBLIC SPEAKING
FRIDAY, 1:00-1:45

Have you ever wondered how some of the best public speakers can stand on a stage in front of hundreds - some even thousands - of people and move them with their words? This inspiring workshop teaches students how to be more confident, tell better stories, and thrive in a variety of speaking situations, from interviews and social mixers to the big stage. They'll learn tips from Jordan's 7+ years of experience as an international speaker who's spoken to audiences ranging from 30 to 13,000 people!

REST IS RESISTANCE: DEVELOP RITUALS FOR MENTAL AND PHYSICAL
WELLBEING
FRIDAY 2:00-2:45

In this workshop - inspired by the work of Tricia Hersey and The Nap Ministry - Jordan unpacks how students can combat sleep deprivation, loneliness and prolonged stress by seeing rest as a form of resistance to grind culture. Students will gain applicable tools that can help them achieve better school-life balance and healthier relationships.
