GET STARTED

1 CONTACT YOUR STATE DIRECTOR

Contact your State Director for information and materials needed to start a chapter. The Montana State Director is Tracey Eatherton and she can be reached at director@mtfccla.org

2 MEET WITH YOUR ADMINISTRATION

Schedule a meeting with your administration to discuss the purposes, mission, and benefits of FCCLA. Administrators may ask some of the following questions:

- What steps need to be taken to establish a chapter?
- How much time will be required?
- What will be the extent of the projects?
- What will be the involvement of people outside the school?
- What are the costs?

You will want to find out the following from your administration:

- What school policies govern student activities?
- What are his/her expectations for an adviser?
- What travel requirements are established for student organizations?
- How do you obtain funding?
- How can you get FCCLA activities on your school calendar?

3 EXPLORE FCCLA'S WEBSITE

Check out the national website and Montana FCCLA's website to get information about programs and conferences. Use the search tool to help you find information.

4 BUILD YOUR NETWORK

Consider joining the Montana FCCLA Adviser Communities program. Meet other advisers at the Fall Rally or State Conference; first time attendee scholarships are available for both events. Talk with teachers who currently have chapters. Visit an active chapter or try contacting your state adviser for mentor suggestions.

5 AFFILIATE

Go to the FCCLA portal and register. If you are a new adviser in an existing chapter, reach out the State Director for login information.

NEW CHAPTER CHECKLIST

Membership strength results from recruiting, retaining and recognizing members all year long. Try starting small. Involve students right away in a hands-on project that is both fun and meaningful.

BEST PRACTICES OF A GREAT ADVISER

FOLLOW PROCEDURES SET BY YOUR DISTRICT

Ensuring that your students and organization operate within the procedures set forth by the district will result in chapter success and give you the opportunity to be seen as a role model for others.

REACH OUT

The best experts in FCCLA are in your own state and can provide you with enhanced information, ideas, and support. When you feel like you have no idea what to do next, they have the experience to help guide you through your next steps.

KEEP YOUR FCCLA RESOURCES CLOSE

Regardless of whether you are a binder builder, folder filer, or website wanderer, the best advisers keep their resources nearby or bookmarked, and use them often. Find a system that works for you and keep it updated and close at hand to help you make the most of your time.

PRIORITIZE TASKS

To keep yourself from being overwhelmed be sure that you're focused on what you need to be doing at that time. Items such as a Program of Work, school calendar, and At-a-Glance schedules from National FCCLA can help you prioritize so you don't miss a deadline or an opportunity.

ADVISE

Being an adviser is truly about advising, not micromanaging. You have to help students understand how their goals and desired outcome should drive every decision they make. Encourage your students to try new things, make positive changes, and realize their full potential

START SMALL

You don't need to do everything your first year advising. Try beginning with one fundraiser, one community service project, or participation in one conference, and strive to build upon it each year. As you start to get more comfortable, you can continue to learn and try new things.

BALANCING YOUR LIFE

With the demands of life and work weighing on you, consider the following quick tips to help maximize your life:

- Keep a schedule
- Prioritize things
- Spend time doing the things you love, even if it's only for a few moments
- Be a positive example of balance for your students
- Protect certain times for the needs of yourself, your family, and your career
- Watch your sleeping and eating habits

NATIONAL PROGRAMS

NATIONAL PROGRAM AWARDS

FCCLA offers national recognition to chapters and individual members who complete projects for National Programs. This honor includes cash awards up to \$1,000* and/or special recognition at the National Leadership Conference, online, and in Teen Times magazine.

- High School Award - \$1,000
- Middle School Award - \$1,000
- Runner-Up Award - \$500
- FACTS State Level Awards - \$500 in each state (Sponsorship by Ford Driving Skills for Life/GHSA)

HOW TO APPLY :

- Read the Program Award Application Tips on the National FCCLA website
- Apply online through the FCCLA portal
- All program award applications are due by March 1
- Questions? Email programs@fcclainc.org

INTEGRATING NATIONAL PROGRAMS

As teachers are sometimes overwhelmed with the depth and breadth of knowledge that they are expected to teach, you may wonder how in the world you can integrate an FCCLA program into your curriculum. Here are some tips to help you get started:

Have a Game Plan

- Look at your curriculum at the beginning of the year and plot what state and National Programs you could implement.
- Don't be afraid to give up a favorite to try something new.
- Talk to your officer team as you plan your Program of Work and see what those students can come up with in advance.

Make Your Team Work

- In the end, it is still their project!
- Show them the application for recognition and use that as part of, or even all, of your grading method.
- Evaluate students based on their in-class work and their completed National Program. STAR Events also have their own scoring rubrics that could be used.

Leave Freedom of Choice with The Students

- Let them choose specific units or specific subject areas within each project to give them more “artistic freedom” for their final outcome.
- Example: If students want to open their first bank accounts, the “Saving” unit of the Financial Fitness program will interest them more than the “Earning” unit.
- Vary the projects for individual and group work.

On the next two pages you can find a variety of project ideas that can be easily implemented into your curriculum. These projects are a great way to introduce students to FCCLA and the many programs and opportunities it offers. Please remember that this is not a conclusive list. Your list is as long as your students' creativity!

Program	Competitive Event Examples	Possible Class to Implement Into	National FCS Standards	Class Project
COMMUNITY SERVICE Learn, lead, and serve in your community.	Chapter Service Project, Digital Stories for Change, Focus on Children, Professional Presentation, National Programs in Action, and Sustainability Challenge	Any	(Dependent upon unit and class)	Service learning can be a valuable opportunity for your students. The important thing is to provide reflection and authentic learning for your students. Some examples might include: - Habitat for Humanity (Housing) - Canned Food Drive (Career/Family Leadership) - Baby Book Drive (Child Development) - Blanket Collection (Clothing Construction) - Assisting with Parents-as-Teachers (Child Development) - Lead4Change - For classroom ideas and resources visit fcclainc.org/engage/national-programs
POWER of ONE Find and use your personal power.	This can be used in every STAR Event	Career and Family Leadership, Consumer Services	(Dependent upon unit and class)	The key is to remember that these are truly projects that students chose to complete. The project range will be large, depending on the needs the student identifies. Start with the Planning Process for an easy way to help students identify what area in which to begin. The five units are: - Take the Lead - A Better You - Speak out for FCCLA - Working on Working - Family Ties - For classroom ideas and resources visit fcclainc.org/engage/national-programs

Why is it important to pay attention to community challenges? What can we do about community challenges? For classroom ideas and resources visit fcclainc.org/engage/national-programs

CLASSROOM INTEGRATION

The learning opportunities offered by high quality Competitive Events are unparalleled. They connect directly into classroom curriculum, providing the chance to integrate them through classroom instruction and assessment. Competitive Events provide a rubric that can be given to students to guide their project as well as serve as the assessment of the project. If there are components that you feel do not align as well for a classroom assessment, feel free to mark out those components on the rubric. Make these projects work for you!

USE THESE TIPS TO HELP YOU AND YOUR CHAPTER:

- Start early
- Check with your state adviser for any state rules and regulations for competitive events
- Review the FCCLA Planning Process, event guidelines and rubrics with each competitor
- Review policies, eligibility and general rules for all levels of competition, and the Competitive Events Glossary
- Hold a kick-off event to talk about the opportunities of Competitive Events and your expectations as members move forward.
- Have a central location for all things Competitive
- Events such as a file cabinet drawer or cabinet where items that are often needed are centrally located.
- Encourage students to give presentations to groups outside the classroom to allow others to critique them.
- Highlight students' achievements and awards when they are completed.

THE FOCUS OF YEAR FIVE IS TO CUSTOMIZE FCCLA TO MEET THE NEEDS OF YOUR STUDENTS, YOUR COMMUNITY AND YOU.

In year 5 you will create five goals specific to the programming needs of your chapter.

Goals should be:

- For “new” or “enhanced” programming; they can’t be for something you are already doing.
- Be written in the SMART format (specific, measurable, attainable, realistic and time bound).
- Should be comprehensive addressing a variety of areas for a well-rounded chapter including areas such as membership, service, leadership, competitive events.

Seek input from your mentor when not only writing your goals but identifying resources to achieve them.

CONDUCT A COMMUNITY NEEDS ASSESSMENT WITH YOUR CHAPTER

WHAT ARE THE BENEFITS?

- Students need to understand what their community needs before they start planning service.
 - If students know what their community needs, they can tailor their service planning to really meet those needs, providing effective and meaningful service.
 - It’s important for students to understand that they need to adapt to the needs of their community, not the other way around.

COMMUNITY NEEDS SURVEY

Another way that students can learn about what their community needs is by organizing a community needs survey. The survey could be done on paper or with an electronic survey tool.

➡ COMPLETE 2 OUT OF 3 OF THE FOLLOWING:

- **MAKE A GRAPH** Make a graph using the issue areas on the survey.
- **MAKE A CHART** Make a chart that highlights the different people who took the survey.
- **MAKE A POSTER** Pick five interesting things that can be gleaned from the data.

For more specific information and instructions, be sure to check out the Community Service Program Guide!

CHAPTER OPERATIONS CHECKLIST

Your activities might include local, district/regional, state, and national meetings, ceremonies, service projects, fundraisers, social events, National FCCLA Week celebration activities, group and individual projects, and membership promotion.

STUDENT LEADERS

- ☒ Plan the first meeting. Be sure to include something fun and exciting, such as a game, skit, or other hands-on activity.
- ☒ At the first meeting, brainstorm which leaders/officers and committees (membership, publicity, etc.) will be needed, and determine a procedure for selecting them. Set a date to elect officers and set up committees to involve all members.
- ☒ After officers are elected, hold an executive council meeting to review duties and responsibilities and plan an agenda for the next chapter meeting.
- ☒ At the next chapter meeting, have all members brainstorm ideas for possible projects and events, and narrow them down to those to be used for planning chapter projects and events.
- ☒ Develop a calendar for chapter activities. For each activity or concern, use the FCCLA Planning Process to set chapter goals and form a plan for carrying out, evaluating, and publicizing the chapter's activities. Make sure dates are included on the master school calendar.
- ☒ Collect state and national dues. The earlier your chapter affiliates, the sooner it will start receiving benefits, such as Teen Times. Additional members may be affiliated through May 31. States may have earlier deadlines related to state conferences or other state meetings.
- ☒ Develop an itemized budget for the year. Keep minutes of each meeting. Plan regular executive and chapter meetings.
- ☒ Attend and participate in district/regional and state meetings and, if possible, send delegates to a National Cluster Meeting and/or to National Leadership Conference.
- ☒ Publicize chapter activities in both the school and community to build the chapter's image. Send information to Teen Times and your state FCCLA newsletter.
- ☒ Display issues of Teen Times in school and community libraries and other public places. Ask your school library to subscribe.
- ☒ Keep both school administrators and parents informed about meetings and other events.
- ☒ Regularly evaluate chapter projects and activities to determine if members' goals are being met.

FCCLA Planning Process **Sample**

IDENTIFY CONCERNS

We have an active FCCLA chapter, but we don't feel that everyone in our school knows what FCCLA is all about. We need new members to help increase our visibility in the school and community.

SET A GOAL

To recruit 20 NEW affiliated FCCLA members with a membership campaign which will include posters, signs, classroom presentations, and a Beach Party at the next chapter meeting.

FORM A PLAN

Who: Membership committee and returning FCCLA members

- who
- what
- where
- when
- why
- how

What: Create 10 posters about FCCLA and remind students of the Beach Party by utilizing the school morning announcements and handing out invitations to students who are eligible to join. Chapter members will also present FCCLA information and show the video to Family and Consumer Sciences classes.

Where: The posters will be placed in the halls and the announcements will reach all of the high school. The Beach Party will be in the Family and Consumer Sciences department. The FCCLA presentations will take place in the Family and Consumer Sciences classes.

When: The membership committee will create posters within seven days. The posters will be placed during the first week of school. Announcements and classroom presentations will begin one week prior to the meeting. The membership committee and FCCLA adviser will purchase food and decorations for the beach party the night prior to the meeting. The meeting will be held three weeks after school starts.

Why: We believe that Family, Career and Community Leaders of America is the ultimate leadership experience! We want more members to join so that we can plan and carry out more community service projects this year and so that the school and community members are aware of what FCCLA is.

How: The posters will be created on a computer to make them look professional. The membership committee will meet after school to plan the classroom presentations, school announcements, and Beach Party activities, food, and decorations. The committee will meet two times after school with their FCCLA adviser to ensure organization of the event.

ACT

The posters were created and placed throughout the school on time. Announcements were made and invitations were given to non-members about the Beach Party. FCCLA presentations took place in eight Family and Consumer Sciences classes. The membership committee bought and prepared the food and activities for the Beach Party. Forty non-members attended the Beach Party and FCCLA meeting.

FOLLOW UP

What could have gone better/what did you learn?

After the meeting, the membership committee spoke directly with the 40 interested non-members and asked them to join FCCLA. Twenty-six new FCCLA members affiliated within one week of our meeting and 10 are still undecided and will join us at our next meeting to learn more about FCCLA.

Our first presentation to the Family and Consumer Sciences class was too scripted. We learned that we needed to practice more so that we sounded more professional. We also felt that handouts about FCCLA with the Beach Party invitations would have helped. Next year we will plan on handing out a reminder note to the Family and Consumer Sciences classes the day before our meeting.
